

**La Paz, Baja California Sur, April 15<sup>TH</sup> of 2020.**

**Community Alliance of Baja California Sur, starts with its first pantry delivery brigade**

The delivery of pantries started in the colony Villas de Guadalupe in the municipality of la paz, to make this first step possible; it was necessary to consolidate a multidisplinary team conformed for different commissions: The distribution, record and analysis of information, administration, pantry purchase, volunteers capacitation, communication, and legal area, all of this coordinated by civil social organizations.

The security and logistical support of the brigades in the delivery of the pantry will be in charge of the Operational Forces of the Security Table in BCS, Secretary of National Defense, National Guard, Secretary of the Navy and the Secretary of Public Security.

Every family will recieve a pantry delivered house by house, this logistic allows us to support and consolidate the national campaign #QuedateEnTuCasa, inviting the entire community to respect the calling and stay home. The pantries will contain: lentil, bean, chickpea, oatmeal, sardine can, rice, milk powder, pasta, maseca, cooking oil, Foca soap, toilet paper, bleach and tomato puree; products from the basic basket.

In each delivery, the volunteers will record the information of each house through a questionnaire based in the Mexican Food Security Survey, like its proposed in COVENAL; this information will allow us to know the acces to food that every family has, as well the lack of income, in this way, it will be possible to obtain accurate data to know to whom the pantries are delivered and visulize the áreas of the city where the basic products are delivered.

While the days go by, pantries will continue to be delivered to those people who need it most, and through out the five municipalities. It reiterates, the acknowledgment to all people that gives us their trust in this alliance to make these donations.

Solidarity, participation and respect, were the common denominator of all those who give and receive the first donations.
